

## **The Seduction of Christianity**

by Dave Hunt and T.A. McMahon

The Bible clearly states that a great Apostasy *must* occur before Christ's second coming. Today Christians are being deceived by a world view more subtle and more seductive than any before.

What are the dangers in the growing acceptance and practice of—

- positive and possibility thinking
- healing of memories
- self-help philosophies
- holistic medicine

The seduction of Christianity will not appear as a frontal assault or oppression of our religious beliefs. Instead, it will come as the latest fashionable philosophies offering to make us happier, healthier, better educated, and even more spiritual.

A compelling look at the times we live in. A clear call to every believer to choose between the original and the counterfeit. Only then can we hope to escape *The Seduction of Christianity*.
